CHILD BORN UNDER PECULIAR CIRCUMSTANDES.

On Tuesday last a circumstance occurred which ushered into the world a bright little girl baby under pecaliar surroundings. Mrs. John Ilise, of Green Valley, Tonto ed from her home to Pagetaff with her husband's pack train. When they arrived at what is known as the Potate ranch, and when about five miles this aide of the with her child, her only attention being the man mentioned, Who never left her side, fearing that the beasts of the plains might injure the mather or the spild. The road, and the two arranged a litter, upon ago. which they parried their precious burder back to the potatoe ranch, where she recrived the care and attention of those of her own sex. The mother and child are doing well - Champion.

The New Orleans Exposition was badly made a passenger break open, and then managed throughout, hence it is no sur they found in it. They then appropriated awarded to eshibitors. The fortunat the leaders of the stage team and told the competitors in this State will have to send driver and passengers to "git," with what on money to get the medals which they was left, and so they did without further secured, the cost in the case of gold medale ceremony. The robbers were watched, being \$80. (If course the winners in most however, they mounted the stage horses, cases will prefer to make the outlay rather bare backed, and struck out in an easterly than loose the medals which they have earn d with so much trouble and expens-, If there had been a cool fighting man but the incident furnishes the climat of among the passengers Mr. Heyman cays deplorable mismanagement of a great enter

#### KILLED BY INDIANS.

Mearly all of our citizens were acquainted with Frank Feldman who has been in railroad builders had concluded to stop ex- some rich placer mines in Sonors, and as threshing-machines and wind-mills, bes railroad builders had concluded to stop expenses where but little good could be accomplished until satisfactory terms be made with said company. Through some bad calculation only half the amount due employes, etc., was telegraphed, consequently due-bils were given for the balance.

To day Mr. Kelly received instructions

some rich placer mines in Sonors, and as threshing-machines and wind-mills, bet the wood business was full, it being summer, he equipped himself with another man whose name we falled to learn, started for Sonors, where he was killed together with his companion by the Indians about ten days ago a short distance below Providencia. He was one of the volunteers who went out with Mayor Thomas on his first trip to out with Mayor Thomas on his first trip to Dragoons. He had considerable wood on hand in the Dragoons which we think the ological order: public administrator had better take charge tlamilton, asking for the profile of the line of before it is all hauled away. -- The Tomb 27, 1822.

The cash box-s of the land are teeming with inactive funds. Never before in the history of the country, was there so much money lying idle and paying no interest.

The holders of this capital are getting others interested will hurry up the iron hungry for some return upon it. Upon 1847. the minds of a few is beginning to dawn the fact' that in the cheap lan is, the forests, the quarries and min's, of the South and West, are to be found the best, the safest, Several of our best citizens, among whom | and the most paying investment that can be we learn were M. T. Herzog and family, made. Already capital is seeking these,
